Intro to Geometry class, classroom rules, points lines and planes	Geometry vocabulary, Distance and Midpoint formulas	Geometry vocabulary, Distance and Midpoint formulas	Angle definitions and relationships	Angle definitions and relationships
Learning Targets:	Learning Targets:	Learning Targets:	Learning Targets:	Learning Targets:
* I can understand the undefined terms point, line and plane	* I can define geometric terms	* I can define geometric terms	* I can measure, name and classify angles	* I can measure, name and classify angles
* I can define geometric terms.	* I can use the distance formula	* I can use the distance formula	* I can identify angle pair relationships and can use their properties	* I can identify angle pair relationships and can use their properties
	* I can use the midpoint formula	* I can use the midpoint formula.
